Source: BSE

Nifty opened higher but was unable to sustain the opening gains and selling in latter half of the session dragged down nifty to close in red. On the daily chart, prices have marginally closed below the downward sloping trendline (shown above in the graph). We maintain our stance that immediate resistance is at the 200-days SMA (169781). In coming trading session if Nifty for first hour trades above 16705 level then it may test 16800 - 16900 levels. On the downside, 16550 - 16440 levels may act as support for the day.

Broadly, we are witnessing a pullback rally in a downtrend and 200-days SMA (16981) is immediate resistance. Hence, one needs to adopt cautiously positive approach at current level.
