Source: BSE

Nifty opened higher initial traded with choppiness but witness sharp selling in the final hour of the trading session to close deep in red. On the daily chart, we are observing that prices have closed below the 200-day SMA (17170). This suggests weakness going ahead. In coming trading session if Nifty for first hour trades below 16800 level then it may test 16700 - 16650 levels. On the upside, 17050 - 17170 levels may act as resistance for the day.

Since, prices have closed below 200-days SMA (17170) one needs to adopt cautious approach at current level.
